

# CAMK Annual Meeting 2025

## Thursday, 23 January 2025

### Stellar Clusters: Stellar Cluster (09:35 - 10:00)

-Conveners: Piotr Zycki

time	[id] title	presenter
09:35	[134] Evolution of the Milky Way Globular Clusters orbital parameters in time-varying potentials	Prof. BERTSYK, Peter
09:40	[135] Simulations of Star Cluster Evolution and Exotic Objects	GIERSZ, Mirek
09:45	[136] Star Clusters with MOCCA: Intermediate-Mass Black Holes, Gravitational Waves, and Synthetic Observations	ASKAR, Abbas
09:50	[137] Double White Dwarfs in Globular Clusters as Multi-Messenger sources	HELLSTRÖM, Lucas
09:55	[138] Annual Report	WIKTOROWICZ, Grzegorz
