

DRD1 Collaboration Meeting 2025  
Third Announcement

Warsaw, August 29, 2025

Dear DRD1 Colleagues,

We are pleased to share further updates regarding the upcoming **DRD1 Collaboration Meeting 2025**, which will take place in **Warsaw, Poland, from October 6-10, 2025**, hosted by **AstroCent - CAMK PAN**. Preparations for the meeting are well underway.

We are glad to announce that the evaluation of the applications for the Young Researchers Grant has been finalized. The first edition was highly competitive, with a large number of high-quality applications. Thanks to the support of **DRD1/CERN**, we will be able to support **five young researchers** with this initiative. All applicants have already been informed about the outcome, and the results (including the names of the recipients, the evaluation criteria, and the composition of the selection committee) are available on the DRD1 Collaboration Meeting page. In addition to the Young Researchers Grant, the meeting will also feature awards for the **Best Poster** and the **Best Oral Communication** presented by young researchers (below 35 years old) to reward the outstanding contributions of early-career scientists within the collaboration.

 **Regarding contributions to the DRD1 meeting program**, the preliminary timetable of the event is already available on the indico page. As usual, Working Group conveners will be responsible for organizing their respective sessions, and participants interested in presenting work are encouraged to contact the conveners directly to secure a slot.

 **Important Dates**

-  **September 5**: Early-bird registration fee deadline (on-site participants) **220 EUR**
-  **September 26 (16:00 CET)**: Final registration deadline/late fee payment **350 EUR**

Further details, including the programme, venue, and practical information, are available on the official Indico page:

 <https://events.camk.edu.pl/event/124/overview>

We encourage participants to **book accommodation in advance** to ensure availability and secure the best options. For participants requiring a visa, the organizers can provide invitation letters upon request. For enquiries, please contact:

**drd1-warsaw@camk.edu.pl**

As always, the meeting will be an excellent opportunity for networking and discovering a vibrant city.

We look forward to welcoming you to Warsaw in October!

On behalf of the Local Organizing Committee
