

Award categories

PhD Thesis Award for exceptional contribution to developments in the field of gaseous detectors

 PhD completed within 2 years at the time of the closing of the call (thesis must have been defended already)

Early Career Scientist Award for outstanding scientific developments in the field of gaseous detectors

 ≤ 7 years (excluding demonstrated career interruptions) after PhD at the time of the closing of the call

Exceptional Contributions to the DRD1 Collaboration Award

 Named by the Awards Committee and not by candidacy

 No constraint on career stage

Nominations are open!

- 📌 The candidate can be nominated by a Member of the collaboration (or by her/his thesis Advisor(s) in case of the PhD Theses Awards)
- 📌 Candidacies must be accompanied by a **support letter** (not necessarily from DRD1 Members) explaining the nominee's qualifications and scientific achievements and motivating the proposed award with a short text.
- 📌 Candidacies can be proposed until **1st December**, award given during the first 2026 DRD1 collaboration meeting
- 📌 **Exceptional Contributions to the DRD1 Collaboration Award** by Committee choice and not nomination
