

Session Program

4-6 Feb 2026

CAMK Annual Meeting 2026

Gravitational waves and multi-messenger astronomy

Bartycka 18

Wednesday 4 February

17:40

Gravitational waves and multi-messenger astronomy

Session | **Location:** | **Conveners:** Azam Zabihi, Pedro Silva

17:40–17:45 **Development of the TDFstat pipeline**

Speaker

Paweł Ciecieląg

17:45–17:50 **Gravitational waves**

Speaker

Przemysław Figura

17:50–17:55 **Microlensing of long duration GW signals**

Speaker

Sudhagar Suyamprakasam

17:55–18:00 **Data analysis with long duration gravitational waves**

Speaker

Mr Anirudh Nemmani

18:00
