

CAMK Annual Meeting 2024

Wednesday, 31 January 2024

Stellar evolution and gravitational waves (17:10 - 17:40)

-Conveners: Julian Leszek Zdunik

time	[id] title	presenter
17:10	[20] The dormant BH binaries discovered by Gaia - how they could have been formed?	KOTKO, Iwona
17:15	[67] Impact of the stellar evolution adopting hydrodynamically consistent winds	GORMAZ-MATAMALA, Alex
17:20	[21] Annual Report	FIGURA, Przemysław
17:25	[22] Annual Report	ROMAGNOLO, Amedeo
17:30	[23] Annual Report	SUYAMPRAKASAM, Sudhagar
17:35	[24] Observational signatures of merging massive black holes	BULIK, Tomasz
