

CAMK Annual Meeting 2024

Wednesday, 31 January 2024

Stellar Clusters (14:00 - 14:30)

-Conveners: Michał Bejger

time	[id] title	presenter
14:00	[34] Formation and evolution of the Nuclear Star Cluster in the Milky Way and other spiral galaxies on the cosmological time scale.	Prof. BERTSYK, Peter
14:05	[36] Multiple stellar populations in globular star clusters	HYPKI, Arkadiusz
14:10	[35] Stellar Dynamics and Star Cluster Evolution	GIERSZ, Mirek
14:15	[37] Synthetic populations of ultraluminous X-ray sources in globular clusters	WIKTOROWICZ, Grzegorz
14:20	[38] DWD binaries in MOCCA GC simulations - comparisons to observations	HELLSTRÖM, Lucas
14:25	[40] Growing Black Holes in Stellar Clusters	ASKAR, Abbas
