

Session Program

January 31, 2024 to February 2, 2024

CAMK Annual Meeting 2024

Stellar Clusters

Wed, January 31

2:00 PM

Stellar Clusters

Session | **Location:** Bartycka 18, Warsaw | **Convener:** Michał Bejger

2:00 – 2:05 PM

Formation and evolution of the Nuclear Star Cluster in the Milky Way and other spiral galaxies on the cosmological time scale.

Speaker

Prof. Peter Bertsyk

2:05 – 2:10 PM

Multiple stellar populations in globular star clusters

Speaker

Arkadiusz Hypki

2:10 – 2:15 PM

Stellar Dynamics and Star Cluster Evolution

Speaker

Mirek Giersz

2:15 – 2:20 PM

Synthetic populations of ultraluminous X-ray sources in globular clusters

Speaker

Grzegorz Wiktorowicz

2:20 – 2:25 PM

DWD binaries in MOCCA GC simulations - comparisons to observations

Speaker

Lucas Hellström

2:25 – 2:30 PM

Growing Black Holes in Stellar Clusters

Speaker

Abbas Askar

2:30 PM
